Aa, Lieke M. van der	2012	TRIM proteins and CXC chemokines : evolutionary dynamics and functional characterization of two large proteins families in teleost fish / Lieke M. van der Aa
Bjarnheiður K. Guðmundsdóttir	1997	Aeromonas salmonicida subsp. achromogenes. A study of extracellular virulence factors and immunity in Atlantic salmon (Salmo salar L.).
Bjorgan Schroder, M	1998	The immune system in cod (Gadus morhua L.) - with emphasis on ontogeny and immunoglobulin production.
Bjørnevik, Marit	2003	White muscle fibre distribution in Atlantic salmon (Salmo salar) and Atlantic cod (Gadus morhua) as affected by external factors, and relation to flesh quality.
Broekman, Daniela C.	2012	Cathelicidin antimicrobial peptides in cod and salmon / Daniela C. Broekman. -
COST Action FA 1002 (2012 : Vilamoura)	2012	Farm animal proteomics : proceedings of the 3rd managing committee meeting and 2nd meeting of working groups 1, 2 & 3 of COST Action FA 1002 / edited by: Pedro Rodrigues, David Eckersall [and] André de Almeida.
Forlenza, Maria	2009	Immune responses of carp. A molecular and cellular approach to infections.
Gjessing, Mona Cecilie	2012	Morphological characterisation of inflammatory responses in Atlantic cod / Mona Cecilie Gjessing . -
Grove, Søren	2006	A study of the immune system of Atlantic halibut (Hippoglossus hippoglossus). Antibodies and immune reactions in serum and tissues in response to immunisation and nodavirus infection.
Halldór Pálmar Halldórsson	2008	Cellular and physiological biomarker responses to pollutants in native and transplanted mussels (Mytilus edulis L.) in Iceland.
Helga Margrét Pálsdóttir	2006	The novel group III trypsin Y and its expression in the Atlantic cod (Gadus morhua).
Hólmfríður Sveinsdóttir	2009	Exploring changes in the proteome of early Atlantic cod (Gadus morhua) larvae with age and in response to environmental factors.
Huising, Mark, O.	2006	Communication in the endocrine and immune systems: Physiology and phylogeny.
Huttenhuis, Heidi, B.T.	2005	The ontogeny of the common carp (Cyprinus carpio L.) immune system.
Ingibjörg G. Jónsdóttir	2007	Stock structure, spawning group origin and the contribution of the different spawning groups to the mixed stock fishery of cod (Gadus morhua L.) in Icelandic waters.
Jurecka, Patrycja	2008	Transferrin polymorphism of common carp: link with disease resistance.
Korneliussen, Rolf J.	2002	Analysis and presentation of multi-frequency echograms.
Lauzon, Héléne L.	2010	Preventive measures in aquaculture. Isolation, application and effects of probiotics on Atlantic cod (Gadus morhua L.). Rearing at early stages.

Lundqvist, Mats	1999	The immunoglobulin genes in an actinopterygian fish, the Siberia sturgeon ( <i>Acipenser baeri</i> ).
Meeren, Gro L, van der	2003	The potential of ecological studies to improve on the survival of cultivated and released aquatic organisms: insights from functional morphology and behavior studies of the European lobster <i>Homarus gammarus</i> .
Nordgarden, Ulla	2003	Seasonal variation in growth and nutrient utilization in Atlantic salmon, <i>Salmo salar</i> L.
Otterå, Odd Helge	2003	The sensitivity of the North Atlantic-Arctic climate system to isolatic elevation changes, freshwater and solar forcings.
Paulsen, Steinar Martin	2000	Expression of lysozyme in Atlantic salmon ( <i>Salmo salar</i> L.) - in vivo and in vitro studies.
Perla Þorbjörnsdóttir	2005	The role of the complement system in the pathogenesis of cardiovascular disease.
Pettersen, Eirin Fausa	2003	Monoclonal antibodies to leucocytes and immunoglobulin from Atlantic salmon ( <i>Salmo salar</i> L.) - Production, characterisation and application.
Pietretti, Danilo	2013	Stimulation of the innate immune system of carp : role of toll-like receptors. -
Rakus, Krzysztof L.	2008	Major histocompatibility (MH) polymorphism of common carp. Link with disease resistance.
Rannveig Björnsdóttir	2010	The bacterial community during early production stages of intensively reared halibut ( <i>Hippoglossus hippoglossus</i> L.).
Rasmussen, Ann-Sofie	1999	Basal vertebrate divergences from a molecular perspective.
Ribeiro, Carla M.S.	2010	Innate immune receptors in carp: recognition of protozoan parasites.
Sandra Rut Gunnarsdóttir	2005	Þróun á virkniprófi til mælingar á lektínferli komplementskerfis.
Sigrún Lange	2001	Immunological parameters of Atlantic halibut ( <i>Hippoglossus hippoglossus</i> L.).
Sigurjón Axel Guðjónsson	1998	Sykrugreining á N-tegundum fásykrum eCG.
Skår, Cecilie Kristin	2003	Studies of the heat shock proteins cpn60 and HSP70 of <i>Fusobacterium nucleatum</i> .
Stenvik, Jørgen	2001	Immunoglobulin genes of the Atlantic cod ( <i>Gadus morhua</i> L.) - cloning and analyses of genes encoding the VH repertoire and the IgD heavy chain.
Strand, Espen	2003	Adaptive models of vertical migration in fish.
Timmusk, Sirje	2002	Studies of immunoglobulin light chains in rainbow trout ( <i>Oncorhynchus mykiss</i> ). New insight into the evolution of immunoglobulin genes.
Ureán, Paula	2008	Etiology of soybean-induced enteritis in fish.
